

Varsity set to be a global centre of academic excellence

Message from the Chancellor of South Eastern Kenya University, Dr. Titus Naikuni

I wish to congratulate the University Council, University Management and all staff and students for the realization of this important milestone. The award of the ISO 9001:2008 Certificate by the Kenya Bureau of Standards is a clear demonstration of the determination of this university to attain the status of a globally competitive centre of excellence in provision of quality higher education. ISO Certification is also a demonstration of commitment by the University Management to create systems and structures that will enhance the delivery of quality services to our clients consistent with the mission and vision of the university. I am indeed proud that the entire South Eastern Kenya University community has embraced the tenet of providing quality service to our clients. I am confident that the University Management will continue to review the quality management system so that the system is periodically improved through integration of lessons learnt in its implementation.

Dr. Titus Naikuni
Chancellor
