SOUTH EASTERN KENYA UNIVERSITY

Distinguished graduands and students

Ladies and gentlemen

It is a pleasure for me and the University Council to welcome you to this 5th graduation ceremony of South Eastern Kenya University. At the very onset, I would like to congratulate all the graduands for achieving this milestone. Similarly, I would like to thank the University Management and staff who worked tirelessly to make sure that the graduands receive quality education and graduate in due time.

SOUTH EASTERN KENYA UNIVERSITY

Mr. Chancellor Sir, let me also appreciate the presence of the Principal Secretary, Prof Japheth Ntibaand all other guests who have honoured our invitation to be part of this great occasion. On behalf of the Council, I must say *Karibuni*.

SOUTH EASTERN KENYA UNIVERSITY

Mr. ChancellorSir, as you may recall, the third Council of this University, was gazette in 1st August 2017 and inaugurated on 5th September 2017 in your presence. Since then, the Council has worked closely with the Board of Management to fast-track the development agenda of the University.

Since this is the first time my Council is participating in the graduation ceremony in the official capacity, allow me to introduce them to the congregation (*introduction of Council members*).

SOUTH EASTERN KENYA UNIVERSITY

On behalf of my colleagues in the Council, I wish to sincerely thank the Cabinet-Secretary for Education, for appointing us to serve in the third Council of this University.

As we do this, we recognize the input of our predecessors in the 1st and 2nd Councils of this University led by Prof. Raphael Munavu and Prof. Mumera respectively who worked tirelessly to lay a sound and firm foundation for this great institution.

SOUTH EASTERN KENYA UNIVERSITY

Mr. Chancellor Sir, the University is undertaking major development of new infrastructural facilities in Wote and Kitui campuses.

We are also constructing a new complex for the School of Humanities and Social Sciences here at the Main Campus. Another major activity is the upgrading of the road from Kwa

Vonza to the University to bitumen standard. All these projects will be completed by the end of this year.

Mr. Chancellor Sir, the University is also one of the three universities selected by the Government to pioneer the construction of student hostel under the Public Private Partnership (PPP) programme.

Through this initiative, the University is set to benefit from a 5,400 bed capacity hostel which we trust will bring to an end the shortage of accommodation facilities at the Main Campus.

SOUTH EASTERN KENYA UNIVERSITY

Mr. Chancellor Sir, despite the growth, the University is facing a number of challenges. One of these is shortage of water, which is becoming a serious challenge in view of the rapidly increasing

student population. To address this problem, the University has proposed the construction of a dedicated dam and water pipeline complete with treatment works.

SOUTH EASTERN KENYA UNIVERSITY

This is a project under discussion and we are requesting both the National Government and County Government of Kitui to support this initiative.

Mr. Chancellor Sir, as I conclude, once again, I want to congratulate our graduating class and wishing them every success in their future undertakings. Graduands as you join the industry, you are requested to go and render good and diligent service to this country, be persons of good character and integrity, remember to give back to families and

communities which have supported you. Always choose to be good citizens. Choose to be good ambassadors of this University by rendering the best of your knowledge and skills to society.

Ladies and gentlemen, it is now my pleasure to invite the Principal Secretary, State Department of University Education and Research, to address the Congregation.

Thank You.

Dr. Reuben Chirchir
